Piry a Leader Among International Real Estate Educators

Vancouver, BC. June Piry, director of education with the British Columbia Real Estate Association (BCREA), was elected to the board of directors of the international Real Estate Educators Association (REEA) at its annual conference in Philadelphia last month. She is one of two Canadian directors.

“In Canada, we often look to the United States for trends in education,” says Piry, “Being a REEA director gives me the chance to provide the Canadian context and share our innovations for REALTOR education.”

Ms. Piry was elected REEA Vice-President, Region One, in 1997 and served on the 19-member board for four years.

“Active involvement with REEA gives me the chance to improve the quality of real estate instruction,” says Piry of her leadership role. “I’ve always enjoyed being a REEA member, and I’m very pleased with the opportunity to once again influence the direction of real estate education.”

Piry is a long-time educator, with 15 years of experience as a teacher and administrator and another 15 years as BCREA’s director of education, contributing to the professionalism of real estate practice. BCREA represents 12 member real estate boards and their nearly 12,000 REALTORS in BC.

REEA serves as a resource and a networking vehicle for those involved in real estate education. Members include a diverse group of about 1,200 full- and part-time educators from the United States, Canada, Bermuda and Norway, with headquarters in Longwood, Florida.
